

Yorkshire Differential Geometry Day

Wednesday 29 November

University of York

10.30 — 11.00 Coffee *Goodricke College SCR*

11.00 — 12.00 **Martin Speight** (Leeds) *Room G045*

“The L^2 geometry of spaces of harmonic maps”

12.15 — 13.15 **Henrik Pedersen** (Odense, visiting Oxford) *Room G045*

“Heisenberg groups, Kodaira manifolds and complex deformations”

13.15 — 14.15 Lunch *Goodricke College SCR*

14.15 — 15.15 **Jim Eells** (Cambridge) *Room PL006*

“On stratified Riemannian geometry”

15.15 — 16.15 Tea and Discussion *Goodricke College SCR*

16.15 — 17.15 **Dmitri Alekseevsky** (Hull) *Room PL006 or PL002*

“Classification of pseudo-Riemannian hyperKähler symmetric spaces”

There will be an evening meal in York, for all who are able to stay.

For further details of this Differential Geometry Day, see:
