

Yorkshire Durham Geometry Day

Thursday 9 October, 2008

Department of Mathematics, University of York

12.00 Meet in Maths Coffee Room
Room G109, Goodricke College

12.30 Lunch
Edge, Wentworth College

1.30 **Wilhelm Klingenberg** (Durham)
“Long time existence for mean curvature flow in indefinite manifolds”
Room PL006, Physics/Electronics

2.40 **Tamas Hausel** (Oxford)
“Topology of the Hitchin map and the arithmetic of the character variety”
Room PL006, Physics/Electronics

3.45 Tea Break
Room G109, Goodricke College

4.30 **Kirill Mackenzie** (Sheffield)
“Multiple bundles and Poisson geometry”
Room PL006, Physics/Electronics

There will be an early evening meal in York, for all who are able to stay.

For further details of this Geometry Day see:
