

Yorkshire Durham Geometry Day

Wednesday 17 October, 2012

Department of Mathematics, University of York

11.00 **Coffee or Tea** *Maths Coffee Room (G109, James College)*

11.30 **Chris Wood** (York) *W222 (Wentworth College)*

"Harmonic vector fields on space forms"

12.30 **Lunch** *Edge (Wentworth College)*

1.30 **Norbert Peyerimhoff** (Durham) *PL002 (Physics)*

"Geometric and analytic properties of noncompact harmonic spaces"

2.40 **Aleksandra Borowka** (Bath) *PL002*

"A generalized Felix-Kaledin construction for quaternionic manifolds"

3.45 **Tea or Coffee** *Maths Coffee Room*

4.30 **Alexey Bolsinov** (Loughborough) *PL002*

*"New holonomy groups in pseudo-Riemannian geometry,
and integrable systems on Lie algebras"*

All are welcome. There will be an early evening meal in York for those able to stay.

For further details of this Geometry Day see:
