

Yorkshire Differential Geometry Day

Friday 19 April

University of York

10.30 Coffee *Room V131, Vanbrugh College*

11.15 **Steffen Krusch** (Leeds) *Joseph Rowntree Lecture Theatre*

“Skyrmions and rational maps”

12.30 Lunch *Derwent College Dining Room*

1.30 **Jenya Ferapontov** (Loughborough) *Joseph Rowntree Theatre*

“Surfaces in centroaffine geometry and equations of associativity”

2.40 **Martin Svensson** (Lund) *Joseph Rowntree Lecture Theatre*

“Walczak’s formula, holomorphic foliations and harmonic morphisms”

3.45 Tea Break *Room V131, Vanbrugh College*

4.30 **Alexei Kovalev** (Cambridge) *Joseph Rowntree Lecture Theatre*

“Ricci-flat manifolds of special holonomy in six and seven dimensions”

There will be an early evening meal in York, for all who are able to stay.

For further details of this Differential Geometry Day, see:
