

Yorkshire Durham Geometry Day

Friday 15 June, 2007

Dept. of Mathematics, University of York

10.30 Coffee *Maths Coffee Room (G109, Goodricke College)*

11.30 **Luis Fernandez** (Durham) *Room PL002 (Physics/Electronics)*

“Regularity of the moduli space of harmonic 2-spheres in the 4-sphere.”

12.30 Lunch

1.30 **Declan Davis** (Liverpool) *Room PL002*

“Affine differential geometry and singularity theory.”

2.40 **Anestis Fotiadis** (Warwick) *Room PL002*

“Harmonic extensions of symmetric maps.”

3.45 Tea Break *Maths Coffee Room*

4.30 **Andrew Dancer** (Oxford) *Room PL002*

“Symplectic versus hyper-Kähler geometry.”

There will be an early evening meal in York, for all who are able to stay.

For further details of this Geometry Day see:
