# Yorkshire Durham Geometry Day

Wednesday 4 November, 2015

Department of Mathematics, University of York

11.20   **Coffee/Tea**   *Maths Coffee Room (G109, James College)*

12.00   **Lynn Heller** (Tuebingen)   *Room V123 (Vanbrugh College)*
   "Higher genus constant mean curvature surfaces in the 3-sphere"

1.00   **Lunch**   *Edge (Wentworth College)*

2.00   **James Waldron** (Newcastle)   *Room PL002 (Physics)*
   "Vector fields on differentiable stacks"

3.00   **Martin Speight** (Leeds)   *Room PL002*
   "Geometry of vortex moduli spaces"

4.00   **Tea/Coffee**   *Maths Coffee Room (G109, James)*

4.40   **Jason Lotay** (University College, London)   *Room PL002*
   "The Laplacian flow in G_2 geometry"

All are welcome.

There will be an early evening meal in York for those able to stay.
