

The UoY 3D Face Dataset User Agreement Form

The **UoY 3D face dataset** is a set of 3D images of the human face that includes both shape (OBJ) and texture (BMP) channels. The data was collected at the Department of Computer Science and Department of Electronics, University of York. This document sets out the terms of agreement.

The full-time academic staff member, named below, agrees to the following restrictions on the use of the UoY 3D face dataset, and will ensure that the restrictions are adhered to within their own institution:

1. The **UoY 3D face dataset** is available for non-commercial research and education purposes only.
2. The **UoY 3D face dataset**, or any portion thereof, will not be copied, sold, traded or exploited for any commercial purposes.
3. All submitted papers or any publicly available text using the any of the **UoY 3D face dataset** must cite the following paper: *Three Dimensional Face Recognition using Combinations of Surface Feature Map Subspace Components. T. Heseltine, N E Pears and J Austin. Image and Vision Computing, Volume 26, Issue 3, (2008), pages 382-396.*
